Sir,

With reference to the subject cited above and email in reference, this is to inform you that MNREDA has issued several correspondence to the firm i.e. Aletrona Energy Private Limited which was empanelled by MNRE to install and Commission Solar Water Pumps in the State of Meghalaya under PM-KUSUM Scheme Component B. Work order was issued for 100 no's of SPV Pumps to the Firm out of which only 35 no's were installed and commissioned during 2020-2021. The terms and Conditions for Annual Maintenance Contract was not followed by the firm after the Installation and Commissioning. MNREDA has forwarded several complains received from the beneficiaries but no initiative was taken by the firm to rectify the system. The problem was discussed in the weekly review meeting of the PM-KUSUM with the Ministry Official and they have assured us to look into the matter, Moreover no communication can be done with the firm as they do not exist anymore and the contact person of the firm is not receiving phone call from us.

In view of the above and as suggested by MNRE vide email dtd 30th January 2023, MNREDA is serving Notification to the Firm (copy-enclosed) for blacklisting them for 3 years so that they will not be permitted to work with MNREDA in that period.

This is for kind information and necessary action.

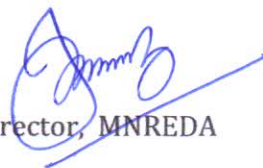

Yours faithfully

Sir/Madam,

A Gentle Reminder!

Please refer to the trailing mails regarding actions against defaulting vendors. We have been constantly receiving complaints from the SIAs that a number of vendors are not working against the LoAs accepted and also not responding to calls and notices issued by SIAs. A serious view has been taken by Hon'ble Minister in this regard.

This non-serious attitude on part of vendors is leading to delays in implementation and impacting the Scheme. SIAs are, therefore, again requested to take **strong action** against the defaulting vendors. In serious cases of non-responses behavior even after notices, SIAs can also proceed with blacklisting defaulting vendors.

Ministry has also asked the SIAs which have not taken any action against such defaulting vendors, vide OM dated 02.11.2022 for justification/ reason for not taking action. Therefore, either action is taken or the explanation for not taking action shall be submitted to this Ministry.

This shall be accorded priority.

Regards
